

# Change

Prime Circle

If I, could turn the world a little faster  
You might see what I'm after

Be still and take a look  
To see what's coming up inside you  
The past will always find you

I know you're trying to be somebody else  
You didn't have to change  
I know you're trying to be like everybody else  
Didn't have to change

Don't wish your days away  
See what's hidden right inside you  
That's the thing that will define you

Be sure, it's not just a phase  
You don't have to justify it if you  
need it more than I did

I know you're trying to be somebody else  
You didn't have to change  
I know you're trying to be like everybody else  
Didn't have to change

Why don't you stay the same?
