

Same goes for you

Prime Circle

I search in corners search in rooms
I search to find myself some answers
To see these questions through
Relearn what I knew
Never mind this walk of shame
Never mind it's all been done
And I'm not really that bad

Cause I got things to do
And I'm just telling you
That I just will not stop
No I'm not giving up

Chorus-Part-1
The same goes for you
The same goes for me
The same goes for dreams
In all their varying ways
Excuse me for what i say

Chorus-Part-2
For what i say
Excuse me for what i say

I'm taking back what is mine
And I'm gonna hold on tight this time
Nothing's gonna pry me loose
Hope that this is the truth
Maybe it's wrong
Maybe it's right
Maybe this time I'm gonna come to life
And I hope you feel it too
And I cant tell you things to do

Cause I'm just telling you
That I just will not stop
No I'm not giving up

Chorus-Part-1
The same goes for you
The same goes for me
The same goes for dreams
In all their varying ways
Excuse me for what I say
The same goes for you
The same goes for me
The same goes for dreams
In all their varying ways
Excuse me for what I say

Chorus-Part-2
For what I say
Excuse me for what I say

WoooOOOOOOooohhhhhh I'm not crazy

Cause I'm just telling you

That I just will not stop
No I'm not giving up

Chorus-Part-1

The same goes for you
The same goes for me
The same goes for dreams
In all their varying ways
Excuse me for what I say
But the same goes for you
The same goes for me
The same goes for dreams
Excuse me for what I say

Chorus-Part-2

For what I say
Excuse me for what I say
