

Can I

Primitive Radio Gods

Can I say cruel to the blue sky?
Can I say cruel to the blue sky?

All our things were helpless
There's nothing we could use now

Can I say cruel to the blue sky?
Can I say cruel to the blue sky?

All our things were helpless
There's nothing we could use now
All our things were helpless
There's nothing we could use now

All our things were helpless
There's nothing we could use now
All our things were helpless
There's nothing we could use now
All our things were helpless
There's nothing we could use now
All our things were helpless
There's nothing we could use now
