

Hundo Pos

Prince Daddy & The Hyena

I'm happy now (Ha-ha)
I'm working on myself (Ha-ha)
I think I'm moving out
I've got a ten now
Nice natural eyebrows
Something to think about

I spend paychecks quick, no regrets
Drugs and ice cream whips paying off debt

If I found somebody to love me
Would you start to love me too?
And if I found some fucking money
Would you still pay for me and you?

A year and a half worth of checking my cell phone
A year and a half of the "love-me-not" syndrome
A day's worth of not doing anything at all
Is worth a million fucking bucks more than a phone call
