

# I Wanna Die Soon

Prince Daddy & The Hyena

I wanna die in the dead of the fall  
I wanna die to the Union's battle call  
There's something poetic about  
Dead bodies and dying ground  
I feel so ecstatic about dying!

The cemetery has a directory  
It's a map and brochure okay  
I think I'm ready  
I know the earth recycles bodies  
But [?] are still there  
I wanna die before the party gets too out of hand

I wanna die soon!
