

Go Ham

Prince Fox

Yo, everybody knows strip clubs have the best wings
Shh, you crazy...

I like em thick
I like em bad
I like the ribs when baby got back
I like em short
I like em tall
Pokemon go when I'm catchin' them all
I don't even judge
I ain't tryna make love
I'm just tryna cuff
When I see that bubble butt
Juice in my cup
Stir that bitch up
Turning the hotel room into a club wassup

Baby girl, what you need
Got that good chronic
Make wet let it leak like a bad faucet
We about to blast off like a fast rocket
Put some gravy on the side
Go ham on it

Baby girl, what you need
Got that good chronic
Make wet let it leak like a bad faucet
We about to blast off like a fast rocket
Ya, I go ham on it...

You love them bills
You love the green
Say you love wu tang
All about the cream
Makin' them bags
Spend it on supreme
Party in the penthouse
Suite at the dream

You hard as a mother
Make it hard for a brother
Sayin' this is America
Childish like I'm Donald Glover...

Childish like I'm Donald Glover

Baby girl, what you need
Got that good chronic
Make wet let it leak like a bad faucet
We about to blast off like a fast rocket
Put some gravy on the side
Go ham on it

Baby girl, what you need
Got that good chronic
Make wet let it leak like a bad faucet
We about to blast off like a fast rocket

Ya, I go ham on it...
