

# No Plans

Prince Fox

I been makin' time  
And I'm not usually this way  
Something must be wrong  
But you make it feel right to me  
Got a one track mind  
Now is never too late  
Cause I don't want no pics  
I want the real thing

So tell your friends you gotta leave  
Call me up, you know I'm free  
Ain't no better place to be than here with me

Right now I got no plans, no plans, just you  
You know I got nothing to do but you  
Get me goin' in the daytime  
How bout you?  
4 in the morning  
Just come through  
You know I got no plans, no plans, just you  
Only you

I don't really care  
What anybody else thinks  
Once you're under me  
I'm over it, nah nah

So tell your friends you gotta leave  
Call me up, you know I'm free  
Ain't no better place to be than here with me

Right now I got no plans, no plans, just you  
You know I got nothing to do but you  
Get me goin' in the daytime  
How bout you?  
4 in the morning  
Just come through  
You know I got no plans, no plans, just you  
Only you...
