

There's a time to start and a time to end
Event mountains dissolve and turn to sand
We can fight our wars and make amends
Even castles can crumble in the wind

In the blink of an eye, in the fire and ice
We still come out alive
In the sirens and lights, in the death of the night
We still come out alive

Oh, when I'm near the end, keep my heart beatin'
Oh, when my lungs cave in, be my oxygen
Oxygen, oxygen
Oh, when my lungs cave in, be my oxygen

There's a time to go and a time to stay
May not look like myself, but I sound the same
Will you take my hand and numb the pain?
Just be here with me now like nothing's changed

In the blink of an eye, in the fire and ice
We still come out alive
In the sirens and lights, in the death of the night
We still come out alive

Oh, when I'm near the end, keep my heart beatin'
Oh, when my lungs cave in, be my oxygen
Oxygen, oxygen
Oh, when my lungs cave in, be my oxygen

Oh, when I'm near the end, keep my heart beatin'
Oh, when my lungs cave in, be my oxygen
Oh, oh
Oh, when my lungs cave in, be my oxygen

Oh, when I'm near the end, keep my heart beatin'
Oh, when my lungs cave in, be my oxygen
Oh, when I'm near the end, keep my heart beatin'
Oh, when my lungs cave in, be my oxygen

There's a time to start and a time to end
Event mountains dissolve and turn to sand
