

Rock Paper Scissors

Prince Fox

You wouldn't be sweet if I
Dipped you in sugar (in sugar)
You know it's best so why
Why are you bitter (bitter)

Say it to my face
Don't take my name in vain
See, that's what you do
Say it to my face
You know you can't replace
Me but I wantcha to

Rock paper scissors
I cut you
Rock paper scissors
I cut you off
I cut you off
I cut you
Rock paper scissors
I cut you off

I cut you o-o-o-o-off
I cut you o-o-o-o-off

You could be Aretha but got no respect
Just wanna chance? No thank you next
No, I'm done with you
Crying to me you're always alone
But you bringing trouble when you leave the home
No, I'm done with you

Say it to my face
Don't take my name in vain
See, that's what you do
Say it to my face
You know you can't replace
Me but I wantcha to

Rock paper scissors
I cut you
Rock paper scissors
I cut you off
I cut you off
I cut you
Rock paper scissors
I cut you off

I cut you o-o-o-o-off
I cut you o-o-o-o-off

Rock paper scissors
I cut you
Rock paper scissors
I cut you off
I cut you off
I cut you
Rock paper scissors

I cut you off
I cut you off
I cut you o-o-o
I cut you off

I cut you off
I cut you off
I cut you off
I cut you off

I cut you off
I cut you off
I cut you o-o-o
I cut you off

I cut you off
I cut you off
I cut you off
I cut you off

I cut you off
