Same Love

Prince Fox

I'll be over in ten (I'll be over in ten)
To do the same shit again (To do the same shit again)
I just want my best friend
When I'm drunk on the weekend (When I'm drunk on the weekend)

We're breaking apart, it was strong at the start
And we knew the cost so why are we shocked?
And we say anything just to know that it's done
I guess some space never hurt anyone

You said you were fine but it's not that way
You need some time but it's not that way
If I'm being honest, it sucks that it's not the same

It's not the same love after the breakup
It's not the same love after the breakup
It's not the same love after the breakup
It's not the same love
It's not the same...
It's not the same love

We both say the same thing (We both say the same thing)
We both know what we needed (We both know what we needed)
I try to give everything
Like it'd be easy (Like it'd be easy)

We're breaking apart, it was strong at the start
And we knew cost so why are we shocked?
And we say anything just to know that it's done
I guess some space never hurt anyone

You said you were fine but it's not that way
You need some time but it's not that way
If I'm being honest, it sucks that it's not the same

It's not the same love after the breakup
It's not the same love after the breakup
It's not the same love after the breakup
It's not the same love
It's not the same...
It's not the same love

I'll be over in ten (I'll be over in ten)
To do the same shit again (To do the same shit again)
I'm being honest, it sucks that it's not the same

It's not the same love...
