

# Tell Me

Prince Fox

(Tell me what you want, tell me  
Tell me what you want, tell, tell me)

Tell me what you want from me  
Tell me what you want from me  
'Cause you're hot and cold with a heart of stone  
And I don't know who you are anymore  
So tell me what you want, tell, tell me  
Tell me what you want, tell, tell me  
Tell me what you want, tell, ooh  
Tell me what you want from me

Tell me what you want  
I'm waiting too long for shit to pay off  
You burning my bridges before I can walk  
One minute I love you, one minute I'm scared  
I feel like I know you, but you're never there

Your smile is dead, your eyes are too  
I can't really see myself being with you  
So tell me, tell me, yeah  
Tell me, tell me, tell me

Tell me what you want from me  
Tell me what you want from me  
'Cause you're hot and cold with a heart of stone  
And I don't know who you are anymore  
So tell me what you want, tell, tell me  
Tell me what you want, tell, tell me  
Tell me what you want, tell, ooh  
Tell me what you want from me

Tell me what you want  
You know that I'm down, down for whatever  
But your bottles and pills they don't make you better  
You're just what I want, but all that I don't  
I know I should leave, but I probably won't

Your smile is dead, your eyes are too  
I can't really see myself being with you  
So tell me, tell me, yeah  
Tell me, tell me, tell me

Tell me what you want from me  
Tell me what you want from me  
'Cause you're hot and cold with a heart of stone  
And I don't know who you are anymore  
So tell me what you want, tell, tell me  
Tell me what you want, tell, tell me  
Tell me what you want, tell, ooh  
Tell me what you want from me

Tell me what you want
