

# Getaway

Prince Royce

Don't it feel like the sunlight's rising in your eyes  
In my bed spending downtime  
Let's get lost and chase paradise  
Hey girl, hey girl, what's your name?  
Come on and let me rock your world  
Come on and let me take you there  
Straight there where the wind is blowing  
And forever's in the air

This girl a life to knew nothing to do with you  
This room's for two

Your body's a perfect getaway  
We can make a perfect getaway  
Let's not let this moment get away  
Your body's a perfect getaway

All we do, all we do  
All we do is lay here  
All we do, all we do  
All we do is lay here

Ooh, don't it feel nice?  
The ocean's deep just like your eyes  
Black sand makes the skin soft like  
Cashmere running down your thigh  
Hey girl, hey girl, what's your name?  
Come on and let me rock your world  
Come on and let me take you there  
Straight there where the wind is blowing  
And forever's in the air

This girl a life to knew nothing to do with you  
This room's for two

Your body's a perfect getaway  
We can make a perfect getaway  
Let's not let this moment get away  
Your body's a perfect getaway

All we do, all we do  
All we do is lay here  
All we do, all we do  
All we do is lay here  
All we do, all we do  
All we do, all we do

Your body's a perfect getaway  
We can make a perfect getaway  
Let's not let this moment get away  
Your body's a perfect getaway

All we do, all we do  
All we do is lay here  
All we do, all we do  
All we do is lay here  
All we do, all we do

All we do is lay here  
All we do, all we do  
All we do is lay here
