Prince Royce

Hace mucho tiempo que no sé de ti, yeah
Y de momento apareces aquí, yeah
Botella en una mano, oh, oh
Y sus labios colorados
Me dice que escuchó en la radio mi canción
Y que extrañaba de mis besos

Ex loving with my ex lover
Exploring
Escaping once again to that ocean that we used to swim in

Ex loving with my ex lover
Exploring
Escaping once again to that ocean that we used to swim, yeah

I'm comin' with that
I want your loving boy
I know what you want
I'm gonna lay down
I'm gonna show you what you're missin'
You say what you want
You know I'm what you want
Ooooh

Aqui no hay sentimiento
Pero aún quedan ganas
De beber esa copa y antes me daba café todas las mañanas

No se sí es una trampa o un deseo
Cuando me buscan tus besos

Ex loving with my ex lover
Exploring
Escaping once again to that ocean that we used to swim in

Ex loving with my ex lover
Exploring
Escaping once again to that ocean that we used to swim in

Lost in déjà vu
But it feels with you brand new

Aquí no hay un sentimiento
Pero aun quedan ganas
De beber esa copa y antes me daba café todas las mañanas

No se sí es una trampa o un deseo
Cuando me buscan tus besos

Ex loving with my ex lover
Exploring
Escaping once again to that ocean that we used to swim in

Ex loving with my ex lover
Exploring
Escaping once again to that ocean that we used to swim in

Ex loving
And you know, and you know, and you know that I got it
I got that good shit
And you know, and you know, and you know that I got it
I got that good shit
Exploring
Escaping once again to that ocean
Oh, I got that good shit
