

# Cosmic Day

Prince

This is a cosmic dream  
I look outside my window  
I see blue and whipped cream  
There goes a merman, uh-oh  
Swimming up in the sky  
How did he get there?  
Oh my

There's nothing strange, we're not deranged  
I only want every day to be or to be a cosmic day

Hey, hey  
Tra la la la, tra la la la, tra la la la la la

Walking alone in the dark  
(Alone)  
I see nothing you see  
(I see)  
I could be in a park  
(In a park)  
Or flying in the, in the deep sea  
I wish you'd hold my hand  
Then everything it could be

There's nothing strange, we're not deranged  
We only want every day to be or to be a cosmic day

Hey, hey  
Tra la la la, tra la la la, tra la la la la la

Driving in a fast car  
Looking for love in the breeze  
Every sky in the star  
Another hug if you please  
Everything's grand  
If you understand  
Love is a thought away  
As sure as there is me  
Every day could be a cosmic day

Hey, hey  
Tra la la la, tra la la la, tra la la la la la

Cosmic  
Cosmic day  
Cosmic  
Cosmic day, hey hey  
Cosmic  
Cosmic day  
Cosmic  
Cosmic day  
Cosmic day  
Cosmic day

Look outside the window  
The clouds, they look like whipped cream  
(Cosmic day)

(Cosmic day)  
There's nothing strange  
(Cosmic day)  
We're not deranged  
(Cosmic day)  
We only want to love you  
We only want to love you  
Cosmic day

There's nothing strange, we're not deranged  
We only want every day to be or to be a cosmic day
