

# Get Wild In The House

Prince

Get wild!  
Get wild!  
Get wild!  
Get wild!

When you're sick of that nine to five  
And you're ready to come alive  
And you looked both high and low  
And you can't find a trumpet that blows

Come on baby, where the good times never die  
Come on baby, where the damsels good and fly  
Polyvinyl acetate will keep your monkey high  
If you wanna get real freaky, now it's time to try, come on

Get wild!  
Everybody up in the place  
Get wild!  
It don't matter what sex or race  
Get wild!  
All you nasty girls and boys  
If you wanna get wild, say yeah  
Make some noise!  
Make some noise!
