

Hot Summer

Prince

Oh, hot summer
Hot summer yeah
Oh, hot summer
Hot summer yeah
Hot summer yeah
Oh, as long as You're my
Oh, as long as You're my

Anybody close enough to hear
Knows what we've been listening to all year
These are the days my people told me to fear
But as long as eye got your ear
And think it's gonna be

Hot summer, hot summer yeah
Just wait and see
Hot summer, hot summer yeah
Shoo-be-do-we
Hot summer
Oh, as long as You're my
As long as You're my company

See the people gathered all around
Dancing to a futuristical sound
Some of them are teachers, some are clowns
All deserve a hug and a pound
'Cause it's gonna be

Hot summer, hot summer yeah
Just wait and see
Hot summer, hot summer yeah
Shoo-be-do-we
Hot summer
Oh, as long as You're my
As long as You're my company

Hot summer
Hot summer
Hot summer
Yeah, yeah, yeah, yeah, yeah

Oh, hot summer
Let me see you shake your hair now
Hot summer
Hey

Everybody's got a favorite friend
They got your back no matter what till the end
Ain't got no breaks but got a whole lot of bend
Every broken heart can mend
You better believe it
Y is life always a mystery?
It will be whatever it will be
It all depends on what you think you see
You, eye don't know, but me

Eye think it's gonna be

Hot summer
Hot summer
Hot summer
Hot summer
Hot summer
Hot summer

Eye think it's gonna be
Hot summer
Hot summer
Hot summer
Just wait and see
Hot summer
Hot summer

Hot summer
Hot summer, yeah
Hot summer, hot summer, yeah
Hot summer
Oh, as long as You're my
Oh, as long as You're my
Oh, hot summer
Hot summer
Hot summer
Hot summer
