

# Rearrange

Prince

Rearrange your mind  
Man, you've got to be drunk!  
You think we'd stoop so low and play that old-time funk?  
Rearrange your mind  
Loosen up your hair!  
You gotta do things in a different way  
If you wanna get anywhere (Dig it!)

People today won't change  
Got to rearrange  
Kids today won't love  
The kind we're dreaming of  
Your music won't make me dance  
I won't give it half a chance  
People today won't change  
Re-e-e-arrange

Rearrange your brain  
Dial a brand new number  
Just can't stay the same  
Ain't nothing funky 'bout a waltz or rumba  
Rearrange your brain  
Got to free your mind!  
Your hair, your clothes, your body, your soul  
Won't be far behind! (Sing it!)

People today won't change  
Got to rearrange  
Kids today won't love  
The kind we're dreaming of  
Your music won't make me dance  
I won't give it half a chance  
People today won't change  
Re-e-e-arrange

Got to rearrange  
Oh  
You got to rearrange  
Hey, hey

People today won't change  
Got to rearrange  
Kids today won't love  
The kind we're dreaming of  
Your music won't make me dance  
Won't give it half a chance  
People today won't change  
Re-e-e-arrange

People today won't change  
Got to rearrange  
Kids today won't love  
The kind we're dreaming of  
Your music won't make me dance  
Won't give it half a chance  
People today won't change  
Re-e-e-arrange

Rearrange, rearrange, got to rearrange  
People today won't change  
Re-e-e-arrange  
Rearrange, rearrange, got to rearrange  
People today won't change
