

# When The Dawn Of The Morning Comes

Prince

What a day, what a day  
When the dawn of the morning comes  
All eyes were all open  
To view the new rising sun  
There'll be joy  
And so much fun  
Love for everyone  
The dawn of the morning comes  
Oh, what a day, what a day  
When the dawn of the morning comes  
Oh, what a day (what a day)  
There'll be love for everyone  
We will dream and color  
While we look into the sun (into the sun)  
Unafraid  
Only blind faith (every brother)  
Blind faith in the one (every sister stand)  
There will be no more pain  
No more shame  
A never-ending glory  
To his reign  
Oh, what a day (what a day)  
When the dawn of the morning comes  
All eyes is a-lookin'  
To view the new rising sun  
(All their lies will be open)  
(And your up will be done)  
There'll be so much happy  
So much fun when the morning comes  
Yeah, ooh  
There'll be no more pain (oh, what a day)  
The dawn of the morning comes  
There'll be no more shame (oh, what a day)  
The dawn of the morning comes  
I just wanna tell you  
Oh, what a day, what a day  
The dawn of the morning comes (yeah)  
Oh, what a day (oh)
