

Goodnight Little Robot Child

Princess Chelsea

Goodnight little robot child
Close your eyes go to sleep
Tight little robot child
Starmans waiting for
You've been running around with your robot friends
And your battery's feeling so low
Tomorrow's gonna be another big day
Better catch yourself forty volts

Tomorrow's gonna be another big day
Better catch yourself forty volts

You've been running around with your robot friends
And your battery's feeling so low

Goodnight
I love you
