

Wasting Time

Princess Chelsea

I see you walking
I see you talking
I see you sitting 'round doing nothing, yeah
I see you drinking coffee with your friends
I see you shopping around

You don't even realize you're wasting time
You think they're all so cool but you don't even try

You're just walking and talking, yeah
Sitting inside drinking coffee, waiting around to die

You don't even realize you're wasting time
You think you're all so cool but you don't even try

I've been around this town so long, I've seen it all before
I see slightly older versions of who you think you are

And they were walking
They were talking

What a waste of time, what a waste of time
You're just wasting time
What a waste of time, what a waste of time
You're just wasting time

What a waste of time, what a waste of time
You're just wasting time
What a waste of time, what a waste of time
You're just wasting time

What a waste of time, what a waste of time
You're just wasting time
What a waste of time, what a waste of time
You're just wasting time
