

Beach Babe

Princess Nokia

Take me to somewhere new, I wanna be with you
I'm jumping in the ocean and diving in the blue
Take me to somewhere new, I wanna be with you
I'm jumping in the ocean and diving in the blue

Mermaid girl forever, I need H₂O
Seashells in my pocket, I love a summer glow
Pretty like the sun, my glass is always full
Mermaid girl forever, I'm hangin' by the pool

Hangin' by the pool, I'm hangin' by the pool
Hangin' by the pool, I'm hangin' by the pool

Beach babe, surf's up, loading up the G-Trunk
Mango seaweed, put on somethin' sparkly
Short skirt, tube top, dude, where's my flip-flops?
Hookah shells, clockworks, coach bags, siren

Take me to somewhere new, I wanna be with you
I'm jumping in the ocean and diving in the blue
I'm hanging by the pool, I'm hanging by the pool
I'm hanging by the pool, I'm hanging by the pool

Mermaid girl forever, I need H₂O
(Mermaid girl forever)
Seashells in my pocket, I love a summer glow
Pretty like the sun, my glass is always full
Mermaid girl forever, I'm hangin' by the pool

Beach babe, surf's up, loading up the G-Trunk
Mango seaweed, put on somethin' sparkly
Short skirt, tube top, dude, where's my flip-flops?
Hookah shells, clockworks, coach bags, siren

Take me to somewhere new, I wanna be with you
I'm jumping in the ocean and diving in the blue
I'm hanging by the pool, I'm hanging by the pool
I'm hanging by the pool, I'm hanging by the pool

I wanna swim in the ocean, wanna sex on the beach
Back to bed, drinking potion, wanna dive in the sea
I disappear in the sea foam, I'm as quiet as the tree
Here I go, here I go, passion fruit, blue dream
