Animation simulation
I'm getting off my stimulation
High vibration of my nation
Just in time for the annihilation

Boom hiyah go go!
You don't wanna fuck with prince nokio
Or princess nokia when i'm wearing a dress
Or princess nokia when i'm doing my best

Like i said, don't waste my time
Just wanna be a mic and a rhyme
I did my time looking fly
And now is my time to go speak my mind

Mi corazón en afrika
Mi gente que me llaman
Yo sabe in my sangre
Que yo soy un yorubana

La baila de mi gente
Se tiene spirtualgual
Yo siento en mi alma
Que era la verdad

Mi corazón en afrika [x4]

La sangre que pasando
Resonando en mi cuerpo
Yo mantega la magia
De todo de mi pueblo

Cojen la espirtu
Y hablan de lo santo
Gente que me llaman
Magia resonando
Mi corazón en afrika
