What's your big lie? Do you get fly?
Is your money up? Do you get by?
Do you smoke weed? Do you get high? (Do you, huh?)
Is you tryna fuck? Is you tryna ride?
How your spit taste? What it feel like?
Do you like it rough? Can I have it now? (Nice)
What's your pocket like? Will you go far? (Will you?)
Is you all up on your hustle? Do you go hard? (Do you?)

Do you do what I do?
Do you go and make moves?
You a man in your word?
Can you tell me the truth?
Can you ride through my block?
Pull up to my spot
Send me some good shit
And outrun the cops
Do you own your own [?]?
Do you move [?]?
Pullin' up to the side
Gucci belt with that buckle [?]
Going straight to the top
Makin' some new hits, I know that they hard
Made me a monster and nom I can't stop
All of my [?] with the drop
Wait, wait, wait 'til I pop
Pull your head off like the Cynthia doll
Smoke a blunt in my drawers
[?] band chase [?] little ho
Plottin' on me and they think I don't know
I'ma just go with the flow
Play all my shows and go get my dough
Up in the studio, I'm makin' some more

I don't make mistakes, I don't play with fakes
Bitch get out my face, bitch get out my way
Prince, I'm purple rain, yeah I'm purple rain

What's your big lie? Do you get fly?
Is your money up? Do you get by?
Do you smoke weed? Do you get high? (Do you, huh?)
Is you tryna fuck? Is you tryna ride?
How your spit taste? What it feel like?
Do you like it rough? Can I have it now? (Nice)
What's your pocket like? Will you go far? (Will you?)
Is you all up on your hustle? Do you go hard? (Do you?)
