Flava

Princess Nokia

I ain't even done with the flava
When you see me, I'm swimming in paper
I get high, I get low like an anchor
Havin' lunch with my financial bankers
Versace, I chill with Medusa
I'm in Switzerland, eatin' the goose-ah
I'm in Paris, I'm eatin' some duck
You say [?] right after you fuck
You embarrassed you missed out on luck
Suburban, I pull up with the truck
I'm good with the flava
I'm good with the pot
Look at me, see me, I drop like it's hot
I go take my shot, I pull 'em to the top
Shootin' I'm shootin' I'm shootin' a lot

Flava though, flava though, flava though, flava though
Flava though, flava though, flava
I'm gettin', I'm gettin', I'm gettin', I'm gettin'
I'm gettin', I'm gettin', this paper
The henney, the henney, the henney, the henney
The henney, the henney, no chaser
I'm gettin' the flava the flava the flava
The color of Now and Laters

My swag is the flava, my dab is the flava
Good with the season, two-seventeen
Just with my flava, my flava and me
Rainbow my money, I do like the green
I do not look at the tag
If I see it, I like it, I grab
I'll be good with the wrist and the hands
I stay low, I stay out of the mix
Play a show, get my check, and I dip
Little rocker girl ringing a Lyft
With my bitches they gothic as fuck
All my bitches they covered in blood
All my bitches they show me they love
I'm a daddy, I'm built like a boss
I been swagging, I drip with the sauce
I'm [?]
See a goofy, I tell 'em get lost

The flava, the flava, the flava, the flava
The flava, the flava, the flava
I'm gettin', I'm gettin', I'm gettin', I'm gettin'
I'm gettin', I'm gettin' this paper
The henney, the henney, the henney, the henney
The henney, the henney, and no chaser
I'm gettin' the flava the flava the flava
The color of Now and Laters
Flavas on flavas on flavas on flavas on flavas on flavas on flavas
I'm gettin', I'm gettin', I'm gettin', I'm gettin'
I'm gettin', I'm gettin' this paper
The henney, the henney, the henney, the henney
The henney, the head, and no chaser
I'm gettin' the flava the flava the flava

The color of Now and Laters
