I don't give a damn and I don't give a fuck (yeah, hoe!)  
I step in this bitch and I do what I want  
I don't give a damn and I don't give a fuck

Princess Nokia, you can call me on my cellular

Rhymes I spit are sick, see you bleeding from your jugular  
You can suck my dick, all them shady fucks that set me up  
Up in the crib, I'm up in the show  
I'm doing my thing like never before  
I'm rocking and dropping and hitting the floor  
I give you the goodies, the goodies, let go

Pop, lock, and drop it [x2]

Play them games like Atari, Mortal Kombat like Kitana

I don't give a damn and I don't give a fuck [x2]

Ain't got no hair on my tongue  
Got no reason to run  
Yeah, my words are the reasons that I'll never use guns  
I just wanna have fun and to live without fear  
I put the ground to the ear and claimed that this was my year  
I keep my speech on fleek while these bitches fake deep  
You don't practice, you preach  
I get applause when I speak  
It's a difference for me, people coming for me  
I gotta show them that heat so they regret how they be  
They take advantage of me, and I'ma put them to sleep  
You never shit where you eat when you was eating for free

I really say what I do and ain't got nothing to prove  
Prefer the sweetheart chick to my bitch attitude  
People did me they dirt when I sat and did work  
They just tryna take my picture, they don't care 'bout my worth  
But I'm still gon' pray, enemies every day  
'Cause it's really up to God come judgement day

Kitana, Kitana, Kitana, Kitana  
Mortal Kombat, I'll see you mañana!  
Mortal Kombat, I'll see you mañana!  
Mortal Kombat, I'll see you mañana!  
Kitana, Kitana, Kitana, Kitana
