I don't like diamonds much
And I think rappers suck
I'm in the ice cream truck
I got the ice creams on
I just cheech and chong
Baby, rip the bong
Marc Jacobs shirt
With the sequin thong
It's a hot girl summer and I pulled up on my bike
It's a wet hot summer and I feel like cherry pie
Get a threesome going 'cause you know that's what I like
It's a all girl party and they fuckin' right outside
Wet hot summer, wet hot summer
Going everywhere, I'm a trackstar runner
Subi on the jeans, I'm a mad hot stunna
I'm a bape star girl and these boys all bummers
Boys all funny
I don't want no part
Take 5 steps from me
With a Playboy heart
I'm the ufo in the sky with stars
Put the Tripp pants on, come fuck with this art

Look at me
So clean, no effort
Pony tail, ripped jeans, no effort
Face clean, gold ring, no effort
Insane - my chain big pressure
Look at me
So clean, no effort
Pony tail, ripped jeans, no effort
Face clean, gold ring, no effort
Insane - my chain big pressure

And blow up ya spot

And make you all drop

These bitches would suck cock

I been parting off the waters when the waves get hot
Ain't no other bitch like me that could take my spot
When I hit the stage runnin', bitches panties drop
