

# Summer Time

Princess Nokia

Summer good  
I see you, baby  
Looking fine  
You conversating  
On the boardwalk  
I pass by you  
Looked at you  
You caught my eye too

Fireworks, you got me spinning  
Love is best in the beginning  
Life is sweeter when you're in it  
Play the game 'cause we both winning

You got me feeling twisted  
Haven't felt this in a minute  
Wake me up  
I must be dreaming  
I get sad when you are leaving  
Close my eyes and I sway to the beat  
I feel best when I'm next to you sleep  
You holding me was so heavenly  
I can't complain for anything

Summer good  
I see you, baby  
Looking fine  
You conversating  
On the boardwalk  
I pass by you  
Looked at you  
You caught my eye too

Take me on adventure  
What's the master plan?  
Load the car up  
I'ma take you by the hand  
We can disappear  
Ain't nobody gotta know  
Sleeping in the tent  
While we making love slow  
Rub my body down with the cocoa oil  
Going for a swim  
We can take off our clothes  
Get my hair wet  
Turn into an afro  
Afternoon delight  
You just make my heart grow  
Boy, you acting silly  
When you playing in my head  
Don't get on my nerves  
I just always want you near  
Kissing in the trees  
And we kissing in the grass  
He just love me naked  
He just wanna see my ass

Wake up in the morning  
I just get the biggest longing  
See, you always get me going  
Bumblebee to the pollen  
I'm falling  
I'm falling  
I'm falling for you  
Fuck a fantasy 'cause you are mine and this is real  
You can be the god  
And I can be the Goddess  
Traveling through space  
And we visit every planet  
Like to read me books  
And I like to read you lyrics  
Everything I'm thinking  
You already wanna hear it

Summer good  
I see you, baby  
Looking fine  
You conversating  
On the boardwalk  
I pass by you  
Looked at you  
You caught my eye too [x2]
