

Boss Chick

Princess Superstar

Diamonds on my right, diamonds on my left
Diamonds on my body, diamonds on my breast
Diamonds diamonds everywhere, diamonds diamonds in my hair
But the most precious diamond in my my my underwear

This goes out to all of my girls
All over the world
Living their life like a big boss bitch
All over the world
Living their life like a big boss bitch

Hold on loose, what's the lettos?
From my hood to your hood, I'mma get dough
I've got the body of a goddess, smoking with you
And my bum bum drop down to the floor

Diamonds on my right, diamonds on my left
Diamonds on my body, diamonds on my breast
Diamonds diamonds everywhere, diamonds diamonds in my hair
But the most precious diamond in my my my underwear

Watch me get ill, I'm a little Al Capone
Hundred dollar bills still filling up my home
Touch my iPhone, uh my money get blown
No silicone boobs, bitch I'm just tone
Shimmy shimmy yea, shimmy yea, shimmy yea
Give me the cash so I could take her away
Go around the world and stop boombayad
There's a bunch of sup, I'm getting a massage
Boss in the courtroom, all on the cellphone
Rich girl, give away covers like Oprah
VI a coca, take over whole bug buck all better than coca cola

I'm a boss, I'm a big girl now
I'm a boss, I'm a big girl now
I'm a boss, I'm a big girl now
I'm a boss

This goes out to all of my girls
All over the world
Living their life like a big boss bitch

All the men come around wanna call me honey
Cause they keep my eyes pretty, do it like the any does the bunny
But one thing bugging me, I feel a little funny

I don't know if they loving me or all of this money

They say that cash is king
But that's cause baby you ain't met the real thing
That's me, I'm a real live queen
Make ya happy up and go just to hear me sing

They say that cash is king
