

# Big Love

Priory

So crisp, yeah, I must be freezing  
Giving up like it's hunting season  
I know mama said don't do drugs  
But a little smoke's fun when I make love  
Always looking out for my best interest  
But my mind's made up, you can't win this  
I'm gonna do what it takes, yeah, to feel right  
Even if it means staying up all night

Give it up, give it up  
Yeah, it's big love  
Give it up, give the world a fucking big hug  
Give it up, give it up  
Yeah, it's big love

Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out

So close I can almost taste it  
Life's short so you better not waste it  
Throw it out if it gives you the wrong road  
Play your life like an album, "The Best Of"  
Give it up, give it up 'til it hurts  
'Til your legs give out  
'Til your heart burst  
Get me singing from the coffin in the black hearse  
Get happy when the shit can't get worse

Give it up, give it up  
Yeah, it's big love  
Give it up, give the world a fucking big hug  
Give it up, give it up  
Yeah, it's big love

Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out

I get the feeling someone wants to love me  
Someone's gonna do me right  
I get the feeling you might be that someone  
We can make it work tonight

Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out

My love, my love, my love is big love  
Your love, your love, your love is big love  
Our love, our love, our love is big love

My love, my love, my love is big love  
Your love, your love, your love is big love

Our love, our love, our love is big love

Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out  
Our big love's gonna knock you out
