

# Call to Arms

Priory

It's a call to arms

So quick to anger  
She cuts like a razor  
But who am I kidding?  
That girl is my savior  
Oh, you tryna tear our love apart  
How you gonna tear our love apart?  
Why you wanna tear this love apart?  
No, you'll never tear our love

They try to give me her  
That girl is a fo trade  
When we're making love  
Only heaven [?]  
How you gonna tear our love apart?  
How you gonna tear our love apart?  
Why you wanna tear this love apart?  
No, you'll never tear this love apart

It's a call to arms  
You never gonna get this warm  
Shots in the air  
They scatter and run

I hear the pack and it's feeding  
They're homing in on her breathing  
No, you'll never tear our love  
They're looking to sink their teeth in  
Grab all your shit cause we're leaving  
Oh, you tryna tear our love apart  
How you gonna tear our love apart?  
Why you wanna tear this love apart?  
No, you'll never tear our love

It's a call to arms  
You never gonna get this warm  
Shots in the air  
They scatter and run

Its [?]  
Moves like fire under the sheets  
Set it on  
Shut out the liars, do as we please

It's a call to arms  
You never gonna get this warm  
Shots in the air  
They scatter and run

It's a call to arms  
Oh, you tryna tear our love apart  
How you gonna tear our love apart?  
Why you wanna tear this love apart?  
No, you'll never tear our love

It's a call to arms

Oh, you tryna tear our love apart  
How you gonna tear our love apart?  
Why you wanna tear this love apart?  
No, you'll never tear our love
