

## Red Sun

Priory

Ooooh ooh  
She's falling like the red sun  
ooooh ooh  
She goes off like the a shotgun  
ooh  
In my world comes alive then  
ooh  
She's falling like the red sun

Would you please, would you please, would you please come around  
I've been lost for so long that I don't know how  
So pick up the pieces  
I'm broken on the ground  
I've been lost for so long that I don't know how

ooooh  
She's falling like the red sun  
ooooh ooh  
She goes off like the a shotgun  
ooh  
In my world comes alive then  
ooh  
She's falling like the red sun

Would you please, would you please, would you please come around  
I've been lost for so long that I don't know how  
So pick up the pieces  
I'm broken on the ground  
I've been lost for so long that I don't know how

Would you please, would you please, would you please come around  
I've been lost for so long that I don't know how  
So pick up the pieces  
I'm broken on the ground  
I've been lost for so long that I don't know how

ooh  
She's falling like the red sun  
ooooh ooh  
She goes off like the a shotgun
