

# White Coats

Priory

said don't you worry bout' the white coat  
when you're lying in your bedroom  
said don't you worry bout' the white coat  
when you're lying in your bedroom you dying

cause we'll make it warm  
we'll make it cool  
your only friends  
when you were in school  
they told us to leave  
but here I will stay  
right here in your head  
till your dying day

cmon cmon, cmon cmon cmon  
cmon cmon, cmon cmon cmon

don't you worry bout the white coats  
when you're lying in your bedroom  
said don't you worry bout the white coats  
when you're lying in your bedroom you dying

when they fill up all your head's space  
and a voice stops speaking  
I will know the pills are taken  
and your body stops shaking, your body

cmon cmon, cmon cmon cmon  
cmon cmon, cmon cmon cmon  
cmon cmon, cmon cmon cmon  
cmon cmon, cmon cmon cmon  
trying to sleep

don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
don't you worry bout the white coats  
when you're lying in your bedroom  
you're trying to get some sleep
