

## City Lights

Priscilla Ahn

Look at me now, we're on the town  
Kicking up dust, it's all for us  
City lights, pretty lights  
Just take me out to play

Dressing me up is red for luck  
So much to do to hide the blue  
City lights, pretty lights  
Just wear me out they say

Buttons and ribbons are finding their place  
Smearing the make-up I put on my face  
Spiders and lizards are tying my shoes  
Whispering, da da da

Finding my crutch, a gentle touch  
Finding my dance, retreat advance  
City lights, pretty lights  
Just ring me out to dry

Buttons and ribbons are finding their place  
Smearing the make-up I put on my face  
Spiders and lizards are tying my shoes  
Whispering, da da da
