

I Can't Fall Asleep

Priscilla Ahn

When you go away I can't fall asleep
Baby you can stay with me

I lie in your arms
Slowly close my eyes
You turn out the lights
I pretend that you be with me every night

When you say goodbye I can't move my feet
Take away the air that I breathe
I've seen this before, hear it all the time
I can't pick up the pieces
When I'm trying to hold the mess you left behind

When you fall asleep
I can't fall asleep

When you go away I can't fall asleep
Maybe you can stay with me, here
