

# I Bet You Wanna Know

Priscilla Block

I bet you wanna go to the bar  
Hang around 'til they shut it down  
I bet you wanna show everyone  
That you're doin' a lot better now  
I bet you got a hotel room  
With a single bed for two  
I bet you're all alone and that's why  
You're hittin' up my phone  
Sayin' that you want me back  
But I know you don't

You just wanna know where I'm at tonight  
If I'm all up on someone new I like  
Busch Light sippin', midnight kissin'  
Did it lead us back to my place?  
Did he drop me off or did he stay  
'Til the sun rose?  
Did we lose our clothes?  
How far'd we go?  
I bet you wanna know

You don't wanna know if I'm good  
Or if I'm barely gettin' by  
You just wanna show up when  
I find another guy  
You're scared he's gonna compare to  
You or do me better than you used to do  
Ooh, you're right on cue

You just wanna know where I'm at tonight  
If I'm all up on someone new I like  
Busch Light sippin', midnight kissin'  
Did it lead us back to my place?  
Did he drop me off or did he stay  
'Til the sun rose?  
Did we lose our clothes?  
How far'd we go?  
I bet you wanna know  
Yeah, I bet you wanna know

I bet you wanna know where I'm sleepin'  
All my secrets that I'm keepin'  
I bet you wanna know what I'm doin'  
Without you and

I bet you wanna know where I'm at tonight  
If I'm all up on someone new I like  
Busch Light sippin', midnight kissin'  
Did it lead us back to my place?  
Did he drop me off or did he stay  
'Til the sun rose?  
Did we lose our clothes?  
How far'd we go?  
I bet you wanna know  
Yeah, I bet you wanna know
