

# Off The Deep End

Priscilla Block

You can find me at the bar  
Shuttin' down Broadway  
Goin' too hard  
Batshit crazy  
So, turn the night up to ten  
The whiskey's fine, jump in  
Goin' off, off, off, off, off the deep end

Well, I took a little time  
I threw myself a pity party  
Stayin' cooped up, hardly went out at night  
Turns out that's pretty boring, yeah, maybe I'm just more of a  
Train wreck in the morning  
A tornado with no warning, uh huh

I hear you're askin' 'round town  
Where I been and where I got to  
Think I give a - about you  
Let me break it all down  
Yeah, ever since you left me, I'm lettin' loose, 'cause everything's  
Better on a dance floor  
Smokin' Camels out the backdoor, uh huh  
Well, if you wanna go, I'm goin' right now

You can find me at the bar  
Shuttin' down Broadway  
Goin' too hard  
Batshit crazy  
Somewhere you stick to the floor  
And only well on the pour  
Yeah, I'm right back here again  
Like it's just another night  
Hangin' on a cowboy  
Drinkin' Busch Light  
Like a small town tabloid  
Turn the dial up to ten  
The whiskey's fine, jump in  
Goin' off, off, off, off, off the deep end

Made a couple new friends  
Shootin' darts, playin' pool  
And we're acting like fools while we all pretend

That we'll keep in touch forever, we'll never grow up ever  
I'ma take that invitation  
Hell, what's a reputation, uh huh  
If we're diving, then we're diving right in

You can find me at the bar  
Shuttin' down Broadway  
Goin' too hard  
Batshit crazy  
Somewhere you stick to the floor  
And only well on the pour  
Yeah, I'm right back here again  
Like it's just another night  
Hangin' on a cowboy

Drinkin' Busch Light  
Like a small town tabloid  
Turn the night up to ten  
The whiskey's fine, jump in  
Goin' off, off, off, off, off the deep end  
Goin' off, off, off, off, off the deep end  
Goin' off, off, off, off

Maybe one of these days  
I'll pull all my shit together  
Sit down and do whatever people do these days  
'Til then, you know, I'm doing ok

Find me at the bar  
Shuttin' down Broadway  
Goin' too hard  
Batshit crazy  
Somewhere you stick to the floor  
And only well on the pour  
Yeah, I'm right back here again  
Like it's just another night  
Hangin' on a cowboy  
Drinkin' Busch Light  
Like a small town tabloid  
Turn the night up to ten  
The whiskey's fine, jump in  
Goin' off, off, off, off, off the deep end  
Goin' off, off, off, off, off the deep end  
Goin' off, off, off, off, off the deep end
