

Try

Priscilla Block

I can play a little hard-to-get
Let you burn and put you out like a midnight cigarette
Make you work it, 'cause I'm worth it and you ain't earned it yet
If you're wanting what I got
Now's the time to shoot your shot

I'd like to see you try to kiss me
Dancing up against me
I'd like to see you buying me another shot of whiskey
I'd like to see you talking me into leaving
And taking me home tonight
Baby, it won't be easy, but believe me
I'd like to see you try
I'd like to see you try

Drop a couple jukebox quarters
Try and guess my favorite song
Grab a two-top in the corner
Give our hands a chance to talk
I told myself when I walked in
That I'd walk out alone
Prove to me that you can prove me wrong

I'd like to see you try to kiss me
Dancing up against me
I'd like to see you
Buying me another shot of whiskey
I'd like to see you talking me into leaving
And taking me home tonight
Baby, it won't be easy, but believe me
I'd like to see you try
I'd like to see you try

I'd like to see you try to leave with me tonight
Love until the morning light

I'd like to see you try to kiss me
Dancing up against me
I'd like to see you buying me another shot of whiskey
I'd like to see you talking me into leaving
And taking me home tonight
Baby, it won't be easy, but believe me
I'd like to see you try
I'd like to see you try
