

## Back 2 Life

Priscilla Renea

Gave you my prognosis  
Like I had a PhD  
I survived you  
I revived you  
When they had diagnosed you  
With a terminal disease  
Said you can't groove  
Well, I fixed you

You keep rubbing all on me  
The try to feel is amazing  
We gotta clear  
We gotta clear  
We gotta clear the floor  
You quit breathing about that  
Mouth to mouth resuscitation  
We gotta clear  
We gotta clear  
We gotta clear the floor

It was dead  
Your party was over  
I'm bringing it back  
I'm bringing us back to life  
You have said  
"Let there be no more" but  
I'm bringing it back  
I'm bringing us back to life

We can live on the dance floor  
We can live 'till we care no more  
We can still be together  
Even if it's not forever

Way too much for me to  
Try imagining you gone  
What I won't do  
Cause I need you, Oh  
I get such a rush  
Feels like I'm taking all the drugs  
I prescribed you  
Can't deny you

You keep rubbing all on me  
The try to feel is amazing  
We gotta clear  
We gotta clear  
We gotta clear the floor  
You quit breathing about that  
Mouth to mouth resuscitation  
We gotta clear  
We gotta clear  
We gotta clear the floor

It was dead  
Your party was over  
I'm bringing it back

I'm bringing us back to life  
You have said  
"Let there be no more" but  
I'm bringing it back  
I'm bringing us back to life

We can live on the dance floor  
We can live 'till we care no more  
We can still be together  
Even if it's not forever

Got not pulse, no circulation  
I'm your doctor, you're the patient  
Rushing you to that emergency room  
I feel the beat, oh, getting stronger

It was dead  
Your party was over  
I'm bringing it back  
I'm bringing us back to life  
You have said  
"Let there be no more" but  
I'm bringing it back  
I'm bringing us back to life

It was dead  
Your party was over  
I'm bringing it back  
I'm bringing us back to life  
You have said  
"Let there be no more" but  
I'm bringing it back  
I'm bringing us back to life

We can live on the dance floor  
We can live 'till we care no more  
We can still be together  
Even if it's not forever
