

Take Me Away

Prism

Is this love I'm feelin' now

Or just my mind that tumbles down

Is it the stars that tell us what to know

Is it the mainline to the public show

Oh take me, take me, take me away!

Take me, take me, take me away!

Solo

Take me, take me, take me away!

Take me, take me, take me away!

Deep in a moments overflow

I hear a voice from long ago

Splash in the water...echo's time

Flash in the pan is a pantomime

Oh take me, take me, take me away!

Take me, take me, take me away!

Take me, take me, take me away!

Take me, take me, take me away!

Is this love I'm feelin' now?
