(However you want, get it, get it)  
Don't hesitate  
Right now, get it  
(However you want, get it, get it)  
Don't be shy uh uh  
However you want

I'll tell you  
So you'll be interested  
I'll shake up your heart  
So it'll seep out and explode

I'll make you into a person you've never imagined being  
I'm a slightly bad  
But charming lady lady  
How about it?

Who likes innocent characters?  
Let's fill the night with breathtaking moments  
You think you can just peacefully sleep in this room?

When people see shiny things  
They always want it  
Now you listen to what I'm saying

All of this, however you want it, get it  
However you want it  
All of this, however you want it, hit it  
Light a fire in your heart

Anyone can see you're so nice  
I wanna sweetly whisper to you and ruin you  
Until you faint, get it, hit it, kill it  
Trust yourself with me

Chic eyes, cold smile  
Those things suit me, but what do I do?

Anyone can see  
I'm not an easy style  
(A very fatal type)

Fun, isn't it? like a villain  
A little more, ha ha ha ha  
Sick of typical voices  
Really, I  
I don't need sugar love  
(Don't need sugar love)

Nice characters will never know  
A night that explodes with ecstasy  
Eyes that shine more honestly than darkness

If there's something I keep wanting to have  
I'll have it

All of this, however you want it, get it  
However you want it  
All of this, however you want it, hit it  
Light a fire in your heart

Anyone can see you're so nice  
I wanna sweetly whisper to you and ruin you  
Until you faint, get it, hit it, kill it  
Trust yourself with me

The crazier you get, you're so cool  
Just like you always imagined  
It's a better world  
Coming right before your eyes

Why are you hesitating?  
You know I'm not the type of person  
To wait for your answer

Right now, get it

It's slightly dangerous, that's right uh uh  
But it's so fun  
A story that'll make your palms sweaty  
I'll make it all

All of this, however you want it, get it  
However you want it  
All of this, however you want it, hit it  
Light a fire in your heart

Anyone can see you're so nice  
I wanna sweetly whisper to you and ruin you  
Until you faint, get it, hit it, kill it  
Trust yourself with me

We're inside this story  
Can't take my eyes off you  
It'll be beautiful  
So however you want, get it, hit it

Sorry, tonight  
The curtains are closing  
You'll want me even more  
Trust yourself with me, hey
