Following the light that came to me
Through a deep dream

It stops for a moment and shines on me
Am I lost? I'm nervous

The world is filled with question marks, still so much I don't know
Thoughts after thoughts wash over me
The more I shy away, the clearer it gets
My courage at the beginning

Spilling spotlight, dazzling spotlight
I wanna dance forever
In this sweet rhythm
Drawing a spotlight, spotlight on me
It makes my heart beat
I can't stop

Dazzling spotlight spotlight spotlight
On me, this spot spotlight
Dazzling spotlight spotlight spotlight
I can't even open my eyes

As I counted the stars
There was a night when I deeply pondered
Surrounding the silent moments
I prayed that the deep darkness would go away

What made me open the box that no one expected
Was my courage today

Spilling spotlight, dazzling spotlight
I wanna dance forever
In this sweet rhythm
Drawing a spotlight, spotlight on me
It makes my heart beat
I can't stop

Dazzling spotlight spotlight spotlight
On me, this spot spotlight
Dazzling spotlight spotlight spotlight
I can't even open my eyes

I can go anywhere, I can do it
Slowly, slowly, I'm getting to know my tomorrows
As much as I thought about it
The moment when I will meet myself is coming close

Dream-like spotlight, strong spotlight
I wanna fly higher
Into the rising heat
Electric spotlight, endless spotlight
It's shaking me up
Making me dream of forever

Dazzling spotlight spotlight spotlight
On me, this spot spotlight
Dazzling spotlight spotlight spotlight
I can't even open my eyes
