□□□□ we'll be alright
□□□□ never cry
□□□ □□ □□ □□□

The same old day starts again
My eyes open without faith
A new tomorrow still feels far away
Doesn't feel like things will change
Every day is the same
I'm sick of it, tired again today

But we know
That we believe in each other
So we walk together hand in hand

If we're together, it's always alright today and tomorrow
Always all together, we have strength
If we're together, it's always alright
A new tomorrow starts, it's waiting for us

Whenever, we'll be alright
Together, we never cry
Always all together, we have strength
Whenever, we'll be alright
Together, we never cry
Always all together, we have strength

When you feel like you're alone, look around you
Even in small fights, let's hug each other
Any kind of worries, tell me
If we're together, we won't be scared
We've become one, our starlight shines brighter
You're my moonlight that shines on my dark path
Pinky promise me, remember the tomorrow that
We face tomorrow will last forever
Walk together hand in hand

If we're together, it's always alright today and tomorrow
Always all together, we have strength
If we're together, it's always alright
A new tomorrow starts, it's waiting for us

Whenever, we'll be alright
Together, we never cry
Always all together, we have strength
Whenever, we'll be alright
Together, we never cry
Always all together, we have strength

When you're in the darkness
And you can't take a single step forward
Let's trust in each other
Move forward as we shine a light

If we're together, it's always alright today and tomorrow
Always all together, we have strength
If we're together, it's always alright
A new tomorrow starts, it's waiting for us

Whenever, we'll be alright
Together, we never cry
Always all together, we have strength
Whenever, we'll be alright

Together, we never cry
Always all together, we have strength
