

Afterglow

Priyanka

Felt so much better with the lights off (Lights off)
Much better when you closed your eyes
Turn back 'round, don't want you to see me
It's better in my disguise (A-ha)

And I'll only let you see me tonight
Make your way for the sun down
Felt so much better with the lights off (Lights off)
But it changed when you came around

Hold me now and we can turn the lights on
Ups and downs, my inhibitions are gone (Yeah)
I'm feeling things I've never felt before
Intensity is strong
Hold me now and you can turn 'em on

In and out and in and out
We go in and out and in and out
My walls came down and now I'm good to go
In and out and in and out
We go in and out and in and out
Now two are one, give me that afterglow (Yeah)

Look down and I can see you clearly
Now the dark of the past is gone
Can't make me wash away the feeling
Don't care if it's right or wrong (A-ha)

And I'll only let you see me tonight
Make your way for the sun down
Felt so much better with the lights off (Lights off)
But it changed when you came around

Hold me now and we can turn the lights on
Ups and downs, my inhibitions are gone (Yeah)
I'm feeling things I've never felt before
Intensity is strong
Hold me now and you can turn 'em on

In and out and in and out
We go in and out and in and out
My walls came down and now I'm good to go
In and out and in and out
We go in and out and in and out
Now two are one, give me that afterglow

In and in and out
In and in and out, out
Whatchu talkin' 'bout?
Aren't you working that out?
Now I'm in and out
In and in and out, out
Take it out
Drop me out
That's what I'm about
Oh-whoa-oh!

In and out and in and out
My walls came down and now I'm good to go (You turn me on)
In and out and in and out
We go in and out and in and out
Now two are one, give me that afterglow

In and out and in and out
We go in and out and in and out
