This cake gon' make ya earth quake

Ten ten ten Seismic!  
Break the asphalt, its my ass fault  
My cake make the earth quake

I can't my control my self  
I'm reckless  
You should go save your self  
The clock is tickin'  
Run run run, right to the statia  
Go some some some where far away-sha cause  
This just in united natia say  
Breaking news it's Devastatia
