

## Toss Up!

Priyanka

Might get drunk on the couch again  
Might throw up in a brand new benz  
Might text my ex while I'm having sex on a sheep skin rug in a B&B  
As long as those drinks are free  
Me and my girls in the backseat  
Might catch a vibe, might start a fight, it's my kind of night

It's a toss up!  
Go head, put your money on it  
Don't get what you wanted  
Get what you need  
It's a toss up!  
Get down, put your body on it  
You might catch a vibe, you might start a fight, it's our kind of night

It's a toss up! Toss up!

Might drive down to desert baby  
6 shots in and I'm feelin' hazy  
Might fall in love, well just because, he's got a gold Jacuzzi tub  
I'm just doing me  
Me and my girls in a new city  
Might catch a vibe, might start a fight, it's my kind of night

It's a toss up!  
Go head, put your money on it  
Don't get what you wanted  
Get what you need  
It's a toss up!  
Get down, put your body on it  
You might catch a vibe, you might start a fight, it's our kind of night

It's a toss up! Toss up!
