

## Can't Quit

Pro

And I can't change it  
I feel it down in my soul  
That I won't make it  
Unless the Lord make me whole  
Regardless what he say, I can't quit  
Regardless what she say, I can't quit  
Regardless what they say, I can't quit  
I can't quit, I can't quit, I can't quit

I wake up, go to the mirror, what I'm lookin' at?  
I don't think I like the person that is lookin' back  
'Cause in my heart I know that evilness inside me  
I see the Lord is everywhere, but the Devil's beside me  
And he keep tellin' me to trust inside my own self  
The Lord he ain't gave you enough, go get your own wealth  
You can kill the game with the right mind frame  
The whole world is yours mayne, switch like LeBron James  
I'm so cavalier for the Lord's glory  
But Satan will meet a monster, he at the end of my story  
And this a piece of me that'll sell out so easily  
For some dimes of cheddar, that's so measly  
So as I go I fight back with his truth  
Air it out in this booth, listen I am livin' proof  
That the Lord uses broken men for his own purpose  
Justified through his blood, but I'm not perfect

And I can't change it  
I feel it down in my soul  
That I won't make it  
Unless the Lord make me whole  
Regardless what he say, I can't quit  
Regardless what she say, I can't quit  
Regardless what they say, I can't quit  
I can't quit, I can't quit, I can't quit
