## Problem

My baby mamas said I wasn't shit, and at first I used to believe em  
Now they on my dick, cause a young nigga out here eatin  
Every time I hop in my whip, I light one of my pre-rolls  
That gettin guap, I'm Gucci, without the ice cream cone  
Sticking to that G-Code, I take a shot then reload  
Only fuck with my street folk cause these rap niggas too emo  
Forever on my grind, yeah, my five kids, they need clothes  
Pump bucking at fake fucks cause like pimps they need hoes  
Blow! Blow! Oh my lord, my hoe and my chain gold  
Life be my bitch and that hoe move when I say so  
Good in my hood, yeah, I play the block like Lego  
Real goons on my payroll, I save money, you save hoes  
Mountain high, I Range Rove, to the top on you niggas  
If this was '09 I would've been socking on niggas  
Fuck that, rather profit on niggas, toe tag every beat Louis give me  
Oh yeah I'm a problem, oh mama, no condoms  
We're yelling out fuck all you pussies.

I don't give a fuck about you though  
I don't give a fuck about you though  
We ain't never struggled together  
We ain't made no money together  
That's on my mind

They mad I made it, that's why I be smiling so much  
I'm killin these niggas but damn there's some bitches I'm dyin to fuck

Approach em then pop em my boy I ain't really but I ain't too much  
Try your luck, better be bad bruh  
You lose that breath no asthma  
Keep a bitch comin like cash huh  
Money ain't funny, no laughter

It's all winners around me  
In a room full of pussies, all I see is diners round me  
Boy I eat em up
