

CUHMUNNITY MONEY 2009

Problem

Overthinking, got my mind racing
Gotta do it for my peoples
Getting used to them commas
Now cuz, being broke the root of evil
Gotta get it by all means
Whether legal or illegal
Another win on the way
I can feel it in the air like Beanie Sigel, look
Throw it up like the rock
Success feeling way better when you come from the block
Get it, rinse and repeat tryna thicken the plot
Billie Jean in my ear tryna give me the box, can keep
It, uh, I'm moonwalking to my destiny, homies on the line
Got some shooters that'll rep
For me, black and white like a referee
Money equal time, wanna see me, gotta respect to fee
Remember days I was drinking UPN
Every night on the screen like Kelly Keenan

Good burger for that chili I was fiening
Bump my head through adolescence
I was scheming, look
Food and liquor tryna kick
Push my melodies, pigs fucked me up
Now I'm facing two felonies
Then I'ma keep it player like I'm Bellamy
It ain't about a dollar what you telling me
