His four words was taken [?] before he do me
It's feelin' like that's the real option left
I'm gettin' nervous, handshakin' at the [?]
He's a man I will never underestimate
That's why if he seein' me I won't hesitate

Man pray for my enemies, pray for
Pray for my enemies, pray for
Pray for my enemies, pray for
Pray for my enemies, pray for

I'm trynna keep my [?] I swear I try
But usually the one who let us slide be the one that die
The mirror teelin' me I need to be the bigger nigga
Put my heart in neighborhood it's tellin' me to go and get the nigga
Go hard, bussin' that's the way we raise
Animals off the cage it's heavy [?] on a bigger stage

Fuck it I'm a let 'em be
It's feelin' like my biggest enemy is really me
I ain't show off it's the J or the Hennessy

Where's the church? Man a nigga need to go dawg
Swear to God man it used to be my road dawg
