

You words louder than actions nigga, you action figure
The new tough is add niggas, what happen niggas
Oh yeah, relapsing niggas, what's cracking niggas
All I need is the Lord, cause I ain't lacking niggas
Day one, still here, my near rear
And Brody they just wait'n to make a statement
She likes every pics, her man know I'm her favorite
Sever digged twiced, and the boy break her with the pacers
I don't need 'em, I don't need 'em I swear
Off top I'm go stay and meet 'em and make a seated, I'm rear
But what they fear is once I drop it, y'all benefit from the money
And the next nigga that hit get the brag that he f*ck my own work
f*ck it though, Take two puff, float above it though
My heart is still embedded in the street life
Could in many hoods cause I'm thorough and keep the street right
With Music that the streets like, served thee by the streets light
Molly got me going, I'm going, so I don't eat right
Money brings power, my killers good, my freaks right
My new thing Joy, she fine and her teeth white
Players play the game while I'm coaching it like a chief flight

I can hear the fans from the bleachers, the love to great yuh
Especially if you bury your soul, drove through the speakers
One of the realest niggas I ever met, told me loses make bosses
He balling now but how long can you keep it nigga
Nauseous, stay down, stay up, stack that bread when they lunching
All these niggas 'bussin' but ain't nobody 'plusing'
If money is the mission, stop bitchin' and get it fix
Hey, my nigga vbery sick he had to starve to get rich
Hey, keep it all in house, the plots and the plans
I got my hands in the pots and the pans
I expand my lingo, car key gingle
106 proof is the day of the regal
B.L the stando, Wash why, Wash had him
[?] Copper building, in and out that action
